# Check Out Our New Calendar!

With brand new helpful features that will allow you to...

- Modify your searches
- Keep track of your program registrations
- Reserve study rooms
- Generate a custom list of your programs that can be sent directly to your email

Where Do I Start?

For programs that require a library card for registration, you will need your library card barcode and PIN number to sign up.
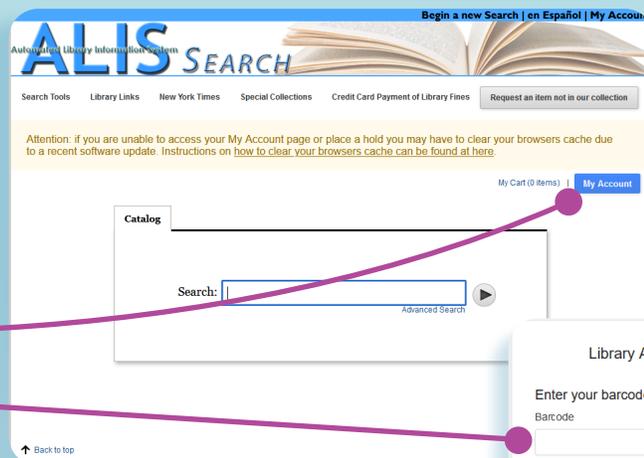

What's my PIN Number?

If you already use our online catalog, your PIN for program registration is the same as your catalog PIN. If you do not have a PIN yet, follow these steps to create one:

1. Click the "Catalog" tab on our website or scan the QR code
2. Click "My Account" or "Log in" if using the QR code
3. Enter your library card barcode
4. Enter the PIN of your choosing in the next box. We highly recommend the last four digits of your card, but this can be any PIN you will remember.
5. Click "Log-in"

I Forgot My PIN!

If you already have a PIN but forgot it, you can reset it in the catalog by clicking "My Account" and then clicking "Forget Your Pin?" Follow the simple prompts.

You're All Set!

You are now ready to use our new calendar system! Access the calendar, program registration tracking, and more on our website under the "Events" tab.

Still Have Questions?

Our librarians are always here to help you! Stop in or call the library at 516-931-3907 for assistance.
